The canalside area of Chester offers a selection of waterside bars, restaurants and waterway walks. Granary Wharf is about one third of a mile from the City Centre - an easy walk for those who work or simply wish to sample the delights of this most beautiful city. There are a wealth of glamorous shops, the Cathedral, the racecourse - once the site of a massive Roman harbour - and the River Dee where pleasure boats and swans glide effortlessly. Chester is a city that never fails to impress.

Granary Wharf is a grade II listed mill building that has been sympathetically renovated to include shops on the ground floor and 52 apartments in total. Now there are only a handful of two bedroom and two bedroom duplex apartments left for sale. These spacious, elegant homes with their highly specified interiors are designed to make the most of this historic building and its advantageous location.
